All parties with whom tickets have been left for the "Little Folks" concert, should make an earnest effort to get to the place. It is desired to raise the sum of \$300 at least, and in order to do this the Academy building, Las Vegas must be made headquarters for education in the Territory. We already have a Las Vegas college, for boys under charge of the Jesuit Fathers and the Academy of the Immaculate Conception for girls, under the direction of the Sisters of Loreto. Now add to these an Academy for higher education, under non-sectarian control and if all of these are well supported, as they should be, our educational facilities will be pretty complete for the people of any religious faith. One school will prove no detriment to the other, but all together will be beneficial by drawing hither the best class of people. Men, when they know the educational advantages, will settle here to educate their children. Ranchmen, miners, railroadmen and people from all parts of the territory will live here to enjoy church privileges. The more schools we have the larger our population will grow and the greater will be the necessity for them. Therefore sell all the tickets you can. The object is worthy and the entertainment will be worth the money.

Now or never is the time to build a hotel on the plaza. It can be done. It is necessary. It will pay. It will occasion loss if it is not done. A short sighted policy would be to let it go by the board and the time slip away without action. It would deprecate property, drive business away and occasion a great loss to property owners. The time has come for action. The hotel must be a first class building after the manner of the one projected at Santa Fe, as a chicken coop would only be a useless expense. Property owners and business men must face the issue now. They cannot delay it. There is plenty of money to be made without making it burdensome to anyone, provided all pull together harmoniously to accomplish the object. Besides such a building will pay, and the cost of constructing will not be a tithe of the loss which will be occasioned by the lack of such a building. The question is to build it; to live, or to die and sleep.

More moving machines are being sold in Las Vegas this summer than has ever been sold in the history of the territory. Men from the distant parts of the country are sending to this place and purchasing mowers and hay rakes. This will be a good thing for the finances of this region as it will to a considerable extent do away with the wholesale sending east of the money produced here, for the purpose of buying hay. It is enough that a great portion of the grain will necessarily have to be purchased in the east, let alone the roughness. Thousands of tons will go to waste, that is not saved the country will be just that much of its natural wealth. The time has come when people should husband the resources of the country and not allow them to run to waste as it was the custom of the past and was less settled up.

C. R. Browning, the energetic and energetic man, yesterday negotiated the sale of Mr. Castle's dwelling house on the east side to Messrs. Pishon and Keen. Mr. Castle expects to build another dwelling house nearer his place of business.

GAZETILLA.

Published by the General, Edited from Quarters of the City and Vicinity.

John Pendaries of Rincon is in town.

Hon. T. B. Catron returned from Mora yesterday.

The weather has the appearance of clearing up for good.

Hon. Tranquilino Luna goes to Colfax from Mora county.

Mr. John Spears raised his new dwelling house yesterday.

Hopper Bros. obtained a fresh supply of roasting gears, yesterday.

E. A. Sebbens is able to be around again, which we are glad to note.

The postoffice clerks now have time to go out and enjoy themselves.

There will be a mail from the east to-day; no preventing providence.

A. W. Conger and Lieut. Gibbon were over from Fort Union yesterday.

Mr. W. A. Corbett arrived Friday from the White Oaks and Nogal regions.

Wilson Waddingham intends to put up a large amount of hay this fall at La Cima.

Hilly Bros. still keep receiving large supplies of fresh native vegetables.

Messrs. J. Gross and Gille Otero, went to the Springs last night to spend their Sabbath.

Go to the Las Vegas Laundry south of the GAZETTE office, if you want good washing done.

The banks of Las Vegas are both substantial institutions and are both doing a good business.

M. Heise, yesterday, moved his liquor store into one of the rooms of the old Summer House.

A half dozen or so of teams mire down in the mud-hole at the west end of the bridge every day.

Don Lorenzo Lopez is still working at his block of dwelling houses south of the GAZETTE office.

The washouts on the railroad and the bad condition of the wagon roads makes business a little slack.

Santa Fe beats Las Vegas on the hotel racket. She is away up. It is to be called the Hotel de Ville.

Don't forget the concert at the M. E. Church to-night. The audience will be entertained with good music.

Mr. J. C. Burns, of Southwest Missouri, is in town. He is stopping with his brother-in-law, Mr. E. W. Sebbens.

A Mexican brought up a load of water melons from the Rio Hondo yesterday. They tasted old fashioned.

A. W. Conger, of Fort Union, and Lieut. D. J. Gibbon, of the U. S. Army, are registered at the St. Nicholas Hotel.

No rain, deluged this part of the green earth yesterday. It seemed quite pleasant to have one day without rain.

Capit. Stark of Trinidad Colorado will go into business in the house just south of Talbot's Livery stable.

The concert to-night at the M. E. Church will be a good performance and all who enjoy good music should attend.

Last night was perfectly clear and the blue vault above exhibited its starry brilliants in all their magnificence.

When young men buy houses, it is understood that they are preparing to forego the forlorn condition of bachelor existence.

Mr. Smith, the blacksmith, yesterday bought a lot adjoining his blacksmith shop on the east side in order to enlarge his shop.

Rupe & Castle's planing mill started up yesterday. The machinery is not all in place yet, but when it is they will make things lively.

Mr. Wight has purchased the Old Center Street Theatre building, and is fitting it up. He has made a two story house out of it and arranged it generally.

Mr. A. Wilkinson and family, of Springer; W. A. Comant and wife, of Santa Fe; Mrs. J. D. Etue, of Kansas City, Mo., are registered at the Summer House.

John Ludi came in yesterday and brought in to town a fine load of vegetables raised at Romeroville. They were very fine and fresh. Hereafter, the GAZETTE office.

Yesterday Mr. Whiteman shipped 8,500 pounds more of freight to the White Oaks. This makes over 100,000 that this gentleman has sent to that point within the last few weeks.

WANTED.—A new hotel building, large and convenient, on the plaza; the plaza parked and a first class school building for the academy. After these many things will be be added unto us.

It is announced by telegram, that the marriage of Miss Grant to Mr. Chapman, the large California land owner, will take place at the Palace Hotel next month. W. S. Chapman is a brother of T. F. Chapman of this city.

Yesterday a scurra, by the name of Rufina Quintana, assaulted, and pretty successfully used up one Ma uela Baca. A warrant for the arrest of the former was served out, and an officer sent in search of the guilty one. The parties live in central Las Vegas.

Mr. Spear, with O. L. Houghton, has commenced the construction of a dwelling house on the west side of the square in the new town site. He exercises good judgment in getting on the lower lands where he can cultivate flowers, a garden, and trees, to some purpose.

Our thanks are due J. A. Mackley for several very nice specimens, brought up by him from the Nogals and White mountains. Mr. Mackley says there is no doubt as to the mineral wealth of that region. He visited all the principal camps there and thinks they are all about equal in richness.

Mr. John Miller the old time gardener, of Cimarron and Las Vegas, has now of Colophonias brought to town a fine selection of vegetables yesterday. Mr. Miller is in partnership with Frank Webber, who has kept a garden at that place for many years. They will surely do a good business as they are both old hands at the business.

From a piece of ore taken at random from the dump of the "Hoosier" mine in the La Joya district, Prof. Robertson made an assay of 75 ounces of silver and 53 per cent of copper. This would give a cash value of over \$200 per ton. The owners among whom are Messrs. T. B. Mills and Mr. Robertson are to be congratulated on their good fortune.

A Young Men's Christian Association was organized last evening in the New Town with the following officers:

A. L. Angell, President; Geo. W. Reed, Vice-President and Secretary; Andrew Drake, Treasurer; Dr. R. Bayly, Cor. Secretary; Meetings held every Friday.

H. Newberry, Sec. Pro-tem.

The hills and valleys in the neighborhood of Las Vegas are covered with flowers. It is quite a contrast in that respect compared with last year. It reminds one of the description of Florida given by the early Spaniards when they first set foot on that land of almost perpetual flowers. Dame nature is trying how beautiful and enticing she can render this country after the scorching droughts of last year.

Mr. Mackley, who has just returned from the Lincoln county mines, showed us some magnificent ore, carrying free gold which is taken from a new discovery in that county. He also had a piece of Turquoise found on the dump of an ancient shaft between the Nogals and White Mountains. This mine had evidently been worked in past ages. Work is progressing rapidly on the tunnel in the Morning Star claim. It is one hundred and twenty-five feet, and a night and day shift keep continually running it deeper. They expect to reach the vein in ten days more.

Mr. Locke, of the firm of Lock & Lockwood does not speak in very encouraging terms of the prospect of Socorro since his visit there. He went down for the purpose of opening a first class bar and billiard hall at that place but concluded the outlook did not justify the outlay. They however already have a house framed and ready to be put to together to be shipped to San Marcial as soon as the road reaches there. That will be the end of a division and promises to be a good point.

A this morning's telegram announces a large reduction on freight destined for New Mexico on the Chicago & Alton Railroad. The reduction is equal to 20 per cent. on the first class; 15 per cent. on second and third class and 10 per cent. on fourth and fifth class. This is an important reduction and one that will be appreciated by the merchants of this country. One of the principal drawbacks to the western country is the enormous freights on goods. The reduction on the Chicago & Alton road was caused by the heavy reductions on the St. Louis & San Francisco railroad.

Never let up and sit around and rumble about the indifference and selfishness of your neighbor, but get to work and try to infuse a little into yourself first, and help with a willing hand any public enterprise which may be projected. It is the people who build towns and which the advantage of the territory may be imagined.

Talk about politics in the states, New Mexico has more politics to the square inch than any other State or Territory of the Union. The masses here take to political and turbulent demonstrations naturally. It is a part and parcel of their existence, no matter if the issues and results are unimportant. They fight a vigorous battle however insignificant the office may be for which they contend. It is the hot blood and revolutionary spirit which "breaks" out in open revolt against the existing order of things in our sister republic on the south. It is all right however, and indicates healthy life and activity.
